

Organized and executed by Blue Focus Dubai For "Create You"

Ieva Balciunaite

Artist and Director

NATURE'S BUTTONS | Each button will contain natural elements such as stones, plants, and sand. To capture and symbolise design, the installation combines apparel fashion design and Dubai's natural beauty of unique desert sands and vegetation, all transparent to the human eye. The positioning of the buttons will allow for a sense of movement, a symbol of our world today.
